Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant and the Examiner discussed interpretations of the prior art, specifically with respect to each of the claimed function, checking, and monitoring sections. The Examiner agreed to reconsider the applicability of Hashimoto with respect to a teaching of a checking section including checking components designed for continuous checking of the functional components. The Examiner also agreed to reconsider the applicability of the WDT 119 of Hashimoto to teach the claimed clock detector and watchdog circuit in light of Applicant's Figure 2 showing the clock detector and watchdog as two separate components..
